

CSCI 6032: Lectures 6 and 7

Probability

Instructor: Dr. David A. G. Harrison

No homework due this week.

The screenshot shows a web browser window with multiple tabs. The active tab is a Blackboard course page. The browser's address bar shows the URL: `blackboard.olemiss.edu/ultra/courses/_164662_1/outline`. The page header includes a navigation bar with a home icon, a 'Courses' dropdown, and the course title: 'Fall Semester 2026-2027 Machine Learning (CSCI-6032-001, CSCI-4999A-004)'. Below the header is a menu with links: 'Content', 'Calendar', 'Announcements', 'Discussions', 'Gradebook' (which has a blue badge with the number '13'), 'Messages', 'Analytics', 'Groups', and 'Achievements'. The main content area has a dark blue header with the course title. Below this, the 'Course Content' section is visible, showing a list of items. The first item is 'Syllabus CSCI6032 Machine Learning', which has a document icon, a red status icon, and a download icon. Below the item name, it says 'Visible to students'. On the right side of the page, there is a 'Course Faculty' section featuring a profile picture of Dave Harrison and his title 'INSTRUCTOR'.

Office Hours

207 Weir Hall

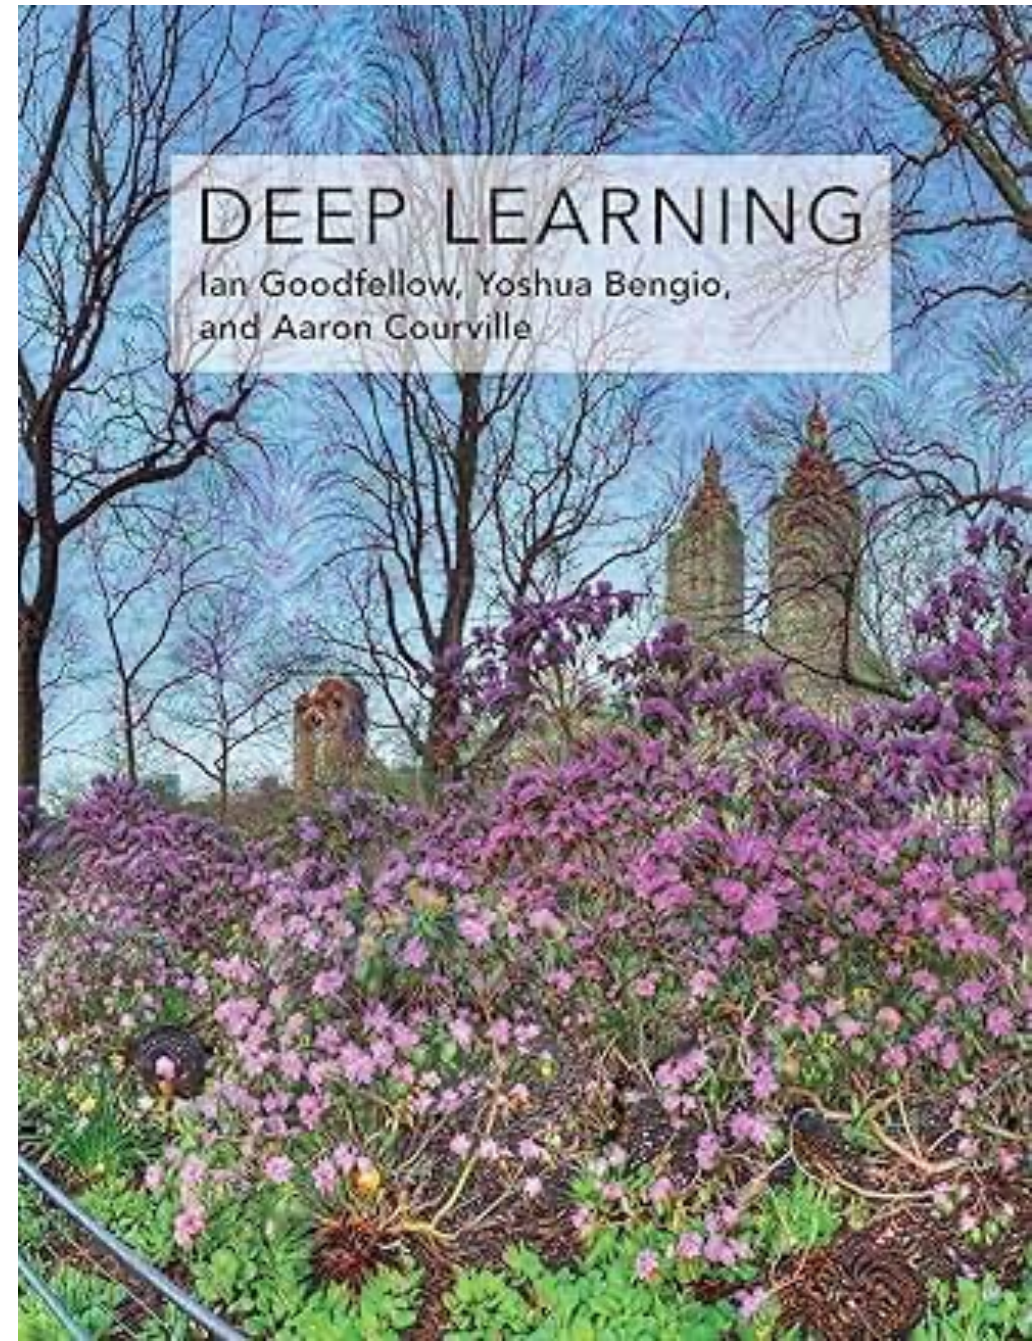

Monday	11:00 AM-12:00 PM
Wednesday	1:00-2:00 PM

DATES OF INTEREST

10/1	Th	Midterm
10/5	M	Progress reports due
10/12	M	Latest drop date

Things I want to cover today...

- **Probability Theory**

Class Textbook

- *Deep Learning*, Ian Goodfellow, et al
- Read
 - 2.1-2.7
 - 2.10-2.11

For tonight and the next few days...

- Read Deep Learning
 - 3, 3.1-3.8
 - 3.9.1 Bernoulli Distribution
 - 3.9.2 Multinomial Distribution
 - 3.9.3 Gaussian Distribution
 - 3.9.4 Exponential Distribution
 - 3.10 Common functions (used in ML)
 - 3.11 Baye's Rule
